Diseases of Children

I find that worms is one of the most common of children's diseases—either pinworms or stomach worms.

These parasites attack the stomach and bowels and make their presence felt through deranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly, pale face of leadish tint, eyes heavy and dull, twitching eyelids, short dry cough, grinding of the teeth, little red points sticking out on tongue, starting during sleep, slow fever.

For over 60 years, Dr. True's Elixir, my father's discovery, has been the standard remedy for worms and stomach disorders. Take no chances, but use the time-tried remedy—Dr. True's Elixir, the Family Laxative and Worm Expeller. At all dealers, 35c. 50c. and \$1.00. Advice free. Write.
